

QUICKSHIP PLUS

Countless Patterns • 3 New Colorways (6 Total Colorways)

PATTERNWORKS SUREFIT NOW AVAILABLE WITH QUICKSHIP LEAD TIMES!

How it works...

1. Client selects patterns from Durkan Print Catalogues.
2. Rep helps client select color pattern or patterns using 1 of the 6 Quickship colorways.
3. Order paper S/O's using QSP base grade and QSP colorway. Get client approval on papers.
4. Order one master carpet S/O that represents all the colors in your palette from one QSP colorway. (Order may be placed with one master carpet S/O and the other line items may be paper S/O)
5. Once S/O approved, rep must order PatternWorks Express or PatternWorks Standard using a QS base grade, QS colorway and approved carpet strike-off number. This will allow PatternWorks to supply the job and item numbers necessary to place the order.
 - a. Single jobs using 1 Quickship colorway will be able to use accumulated pricing.
 - b. Single jobs using multiple Quickship colorways will be assigned pricing by line item per colorway and cannot be accumulated across the job.
6. Client approves estimate.
7. Order is placed.
8. Some waste may occur when printing, due to widths that are required on the project versus the 12' and 15' widths available for the QSP program. Any potential waste product will try to be used as bleed-out, cove base material, transition strips, etc., through PatternWorks Express or PatternWorks Standard process.

Pricing and Options

- QSP program-.50 cents SY upcharge
- .50 cents SY additional upcharge will apply for PatternWorks Standard, NO field verification. Client/End User must verify all rug sizes and carpet quantities prior to order placement.
- \$1.11 SY upcharge will apply for PatternWorks Standard if client requires field verification. Standard site verification lead times and additional production lead times apply.
- No charge for PatternWorks Express set up. (No field verification)
- \$1.00 SY upcharge for VL patterns.
- Attached Cushion-Durathane I & II on 12' wide broadloom only-not available on PatternWorks SureFit or Borders. Standard SY costs for cushion apply.

Requirements

- Minimum per line item = 40 SY
- Maximum yardage per project = 1500 SY
- CS Cut 36 oz. up to 10,000 SY max.

✓ 4 Base Options Available

- CS Cut 32 - 12' wide only
- CS Cut 36 - 12' & 15'
- CS Cut 40 - 12' wide only
- CS Textured 36 - 12' & 15'

✓ Available for PatternWorks SureFit, Rugs and Runners

- PatternWorks Express or PatternWorks Standard required
- No QS pattern number necessary
- CS will enter order as Quickship as long as it is using a Quickship base grade, a Quickship colorway and has a PatternWorks Express or PatternWorks Standard to represent all patterns being used on the project
